BOOK SYNOPSIS

After a fatal hit and run accident, Ella Monroe fears that she's lost more than her beloved parents. Horrifying visions of a past life and a disturbing voice in her head have convinced psychiatric professionals that she's lost her sanity as well. But when Kale--a dark and handsome stranger with a mysterious past--reveals the true meaning of her visions and the tremendous power she wields through them, Ella must come to terms with the devastating truths of her own past, while eluding an ancient Dark Prince who seeks to control not only her future, but all of mankind's, by means of abilities that Ella is only beginning to understand. Enter the shrouded world of an age old battle between an ancient race known as the Immortals and their bitter enemy Laurent, the so-called Dark Prince, who commands an army of half-breed vampires known as Chory. Both sides have been desperately searching for the prophesied emergence of the Arc, a clairvoyant with unparalleled power to recall the past and a soothsayer with clear vision into the future. The Council of Immortals has sworn to protect the Arc, whom they have identified as young Ella Monroe, a college freshman from Virginia living quietly and unaware of her powers or her past. But a renegade Chory has other plans for the protection of a girl he has loved through the ages. Can Kale convince Ella of who she is, what she is destined to become, and what he once meant to her? Is he truly the best protector to shield the world from the devastating misuse of her powers that Laurent is bent on controlling? Or will the forbidden love they share and Kale's cursed condition as a retched and hated Chory be used against them both? This paranormal romance told from the heroine's perspective builds in intensity and intrigue to a finale you won't see coming. Heart pounding action mixed with heartwarming friendships and heartbreaking romance will leave you breathless and begging for more.
