BOOK SYNOPSIS

This volume is the sixth in an annual series in which top economists provide a concise and accessible evaluation of major developments in trade and trade policy. An accessible and highly digestible information source on current trade and policy developments at global, regional and national levels. Written by international and highly respected authors. Examines key issues pertinent to the multinational trading system, as well as regional trade arrangements and policy developments at the national level. Also provides assessments of the World Trade Organizations current Trade Policy Reviews.
